

THE  
**KING'S**  
UNIVERSITY

# **VIEWBOOK**

**2022/2023**

# Welcome to Edmonton's Christian University

**The King's University is committed to providing a supportive environment for all students to pursue an education and grow in their faith.**

A King's education expands your thinking and engages your passions, fully preparing you for future careers or graduate programs. We don't shy away from tough questions and are committed to student success at every stage of your university experience.

You matter and belong at King's. Whatever your background, interests, or ambitions for the future, we promise that you will be equipped to thrive in a complex and rapidly-changing world.

King's is conveniently located in Alberta's capital city of Edmonton. The city features North America's largest urban park system, a vibrant performing arts culture, music and theatre festivals, professional sports teams,

and the world-famous West Edmonton Mall with over 800 stores, an amazing waterpark, and indoor amusement park. Interested in a day hike or weekend trip with friends? You're only 30 minutes from Elk Island National Park and three hours from the Rocky Mountains.

For some weekend fun, downtown Edmonton, amazing restaurants, eclectic neighbourhoods, museums, galleries, brand new recreation centres, and the gorgeous North Saskatchewan River Valley are only minutes away by car, bus, bike, or on foot.

With the city as your campus and new friends to look forward to, your experience at King's is sure to be memorable and exciting.

# Programs at King's

King's degree programs are founded in the liberal arts to prepare you for life. Choose a major and/or concentration and round out your studies with a minor, certificate, or diploma.

## Only available as minors

- ▶ Canadian Studies
- ▶ Christianity & Contemporary Culture
- ▶ Communication Arts
- ▶ Drama
- ▶ Economics
- ▶ Geography
- ▶ Political Science

# Humanities and Social Sciences

**Making a difference in the world begins with understanding. We participate in economic, political, and social systems every day — taking time to consider other points of view reveals how our daily activities impact others.**

## Courses to explore:

- ▶ Basic Psychological Processes
- ▶ Humankind and the Biosphere
- ▶ Literature and Film
- ▶ Philosophical Ethics
- ▶ Public Policy Analysis
- ▶ Religion and Popular Culture
- ▶ Women's Writing Then and Now
- ▶ World War I and II

## Highlights:

- Enjoy comfortable class sizes that promote an open and engaging atmosphere.
- Participate in class discussions, research projects, group work, self-directed study, internships, and off-campus experiences.
- Form relationships with professors who are experts in their field and genuinely care about you and your success.
- Develop skills and knowledge that help to make a difference in the world.

A student with long brown hair and glasses is sitting at a lab bench, looking at a tablet. The tablet screen shows a molecular model. In the background, other students are working at lab benches with various pieces of equipment like flasks and tubes.

# Natural and Computing Sciences

**A spirit of exploration is at the heart of scientific study. Advancements in technology and exciting new perspectives provide endless opportunities to observe the world with fresh eyes and discover solutions to today's most pressing issues.**

## Courses to explore:

- ▶ Conservation Biology
- ▶ Cryptography
- ▶ Ecology
- ▶ Geographical Information Systems
- ▶ Human Anatomy
- ▶ Introduction to Artificial Intelligence
- ▶ Organic Chemistry
- ▶ Wave Motion and Electricity

## Highlights:

- Enjoy access to cutting-edge equipment in fully outfitted research laboratories.
- Industry accreditations from the Association of the Chemical Profession of Alberta, Alberta Society of Professional Biologists, and Eco Canada mean you can pursue your education with confidence.
- Get out into the real world with off-campus learning and internship opportunities.
- Acquire field-ready knowledge and skills.

# Business and Management

**Business is innovation and intuition. Knowing where to invest and when to save requires an understanding of the ever-changing global marketplace. Doing business with integrity demands an informed perspective.**

## Courses to explore:

- ▶ Business Ethics
- ▶ Business, Society, and the Environment
- ▶ Commercial Law
- ▶ Consumer Behaviour
- ▶ Financial Accounting
- ▶ Introduction to Marketing
- ▶ Small Business and Start-Up Management
- ▶ Statistics for Business

## Highlights:

- Opportunities for studying abroad in Europe and Asia.
- Benefit from an emphasis on applied learning and skill development.
- Have confidence in a program that is recognized and accredited by Chartered Professional Accountants Canada and the Canadian Institute of Management.
- Take advantage of internships, work placements, and off-campus programs.

# Music Performance and Instruction

**Music inspires and elevates the spirit. It's deep and complex structures express the spectrum of human emotion in profoundly moving ways. Developing and sharing their skills, musicians enrich their own lives and the lives of others.**

## Courses to explore:

- ▶ Aural Skills
- ▶ Choral Conducting
- ▶ Creative Techniques
- ▶ Foundations of Music Education
- ▶ History of Western Classical Music
- ▶ Introduction to Music Theory
- ▶ Systematic Musicology
- ▶ Tonal Harmony

## Highlights:

- Take part in King's weekly concert series, host your own recitals, and perform with friends in concert.
- Develop a deep appreciation for the physical qualities of music while honing your skills and natural talents.
- Study with respected musicians who want to see you succeed in your career.
- Pursue a career in teaching in the Music Education or Piano Pedagogy streams.

# Elementary and Secondary Education

**Inspiring a life-long passion for learning and helping to form people of character are important tasks. A solid foundation of knowledge and skills are essential to succeed in the challenging and rewarding calling of education.**

## Courses to explore:

- ▶ Childhood and Adolescence
- ▶ Classroom Theory and Practice
- ▶ Curriculum Design
- ▶ Educational Administration
- ▶ Educational Strategies
- ▶ Learning Theories and Applications
- ▶ Psychology of Exceptional Children
- ▶ Religion in the Classroom

## Highlights:

- Learn from master teachers & professionals who have extensive classroom and curriculum development experience.
- Gain classroom experience with extended practicum placements.
- Participate in mock job interviews with local school administrators.
- Be mentored by faculty who view education as a calling and who will support you as you prepare for your first teaching position.

# Impact and Opportunities

**Prepare to bring renewal to every walk of life. Opportunities to learn and grow outside of the classroom play a key role in promoting student success before and after graduation.**

## Research

Getting involved with research exposes you to the professional side of academics. King's Community Engaged Research program partners with local organizations and non-profits to offer unique, real-world research opportunities to students. You may also consider working directly with professors on summer research and directed studies projects.

## Experiential Learning

Many programs at King's include internships, practicum placements, and hands-on learning. There are plenty of opportunities to take your education into the field.

## Off-Campus and Study Abroad Programs

King's off-campus and study abroad programs will take you to unforgettable destinations and introduce you to new people, organizations, businesses, and ways of making a difference.

## Vocation and Career Counselling

Are you seeking clarity about what you want out of life? King's new Centre for Career and Calling will help you uncover your gifts and get you started on a meaningful path.

## STUDENT EXPERIENCE

### **ANJALEE WIJewardANE**

*Bachelor of Science '22*

"The Chemistry department at King's is very tight-knit. I have been able to form close relationships with professors who care about their students' academic, personal, and spiritual lives. I have made life-long relationships at King's. Being an international student, the community helped me adjust to and embrace life in Canada."

## LIFE AFTER KING'S

### **WAYNE PRINS**

*Bachelor of Arts '03*

"I look back on my time at King's and see how it equipped me for my role as CEO of CLAC. My education challenged and prepared me to make thousands of decisions throughout the course of my career. We have to look to faith to understand how to respond to things happening around us, whether it's dealing with colleagues or speaking with political leaders."

## FACULTY RESEARCH

### **DR. CAROLINE LIEFFERS**

*Assistant Professor of History*

"How were people disabled in the course of American expansion — through wars, conflict and sickness? How have the United States and other imperial powers used frameworks of disability to make people seem less-than? These are some questions I explore in my research as there is an immense amount of power in discrimination."

# Campus Life and Student Services

## Events & Activities

From paintball fights to painting nights, student retreats to seasonal festivals, there is always something fun to see and do on campus or around the city.

## Fine Arts

Audition for a drama production or one of King's choirs. Share your creativity by contributing to our student fine arts publication. Take in a visiting art exhibit, student recital, or weekly Noon Tunes concert.

## Campus Ministries

Grow, pray, serve, and worship. Attend Wednesday chapel, Refresh Worship Night, prayer events, and spiritual retreats. Join the ministry team to support spiritual growth.

## Get Involved

Join or start a club, write for the campus newspaper, volunteer, or become a student leader. Are you an international student? Join the International Student Program! There is a community here for you.

## Student Counselling

King's provides free and confidential professional counselling services for every student. Invest in your mental health and don't hesitate to book an appointment with our on-campus psychologists.

## Accessibility Services

Services for students with documented disabilities ensure equitable opportunities for students to thrive and succeed without diminishing academic expectations.

## Academic Advising

Need guidance on deciding which program will best prepare you for your future? Unsure of which courses you need to register in? Each student is paired with a faculty advisor who can help you navigate your academic career.

## Learning Supports

Everyone needs a leg up sometimes. Writing support, tutoring, university skills classes, and more are available to students through the Academic Enrichment Centre.

# Living on Campus

**On-campus residence provides you with spacious and comfortable living spaces, meal plan options, and easy access to campus amenities.**

## **Tower Residence**

- ▶ Single, double, or triple-occupancy rooms
- ▶ Twin beds, wardrobes, workstations
- ▶ En-suite bathroom

## **Tower Suites**

- ▶ Two large bedrooms (double occupancy)
- ▶ Furnished living area and kitchenette
- ▶ Two en-suite bathrooms
- ▶ Twin XL beds, wardrobes, and workstations

## **Apartments**

- ▶ Six bedrooms (single occupancy)
- ▶ Two bathrooms
- ▶ Furnished living area and full kitchen
- ▶ Twin beds, wardrobes, and workstations

## **Student Lounges**

Students who live in residence have exclusive access to lounges for movie nights, dinner parties, or quiet late-night study sessions.

# Athletics at King's

**Student-athletes at King's compete in the Alberta College Athletics Association (ACAC). As an Eagle you will develop both your skills and character.**

## **Athletics Teams (Men's and Women's)**

- ▶ Badminton
- ▶ Basketball
- ▶ Soccer/Futsal
- ▶ Volleyball

## **Go Eagles!**

Students at King's enjoy free admission to every Eagles' event. Come and support King's student athletes!
