# Programs at King's

King's degree programs are founded in the liberal arts to prepare you for life beyond university. Connect with an admissions counsellor if you need assistance in designing a program that suits your interests and goals.

## What is a concentration?

A concentration is a way of specializing within your degree. For example, a B.Sc. in interdisciplinary science with concentrations in biology and kinesiology will prepare you to pursue a career in physiotherapy.

### Did you know?

King's Community Engaged Research program partners with local organizations and non-profits to offer students unique, real-world opportunities to do impactful research in the social sciences.

# Humanities and Social Sciences

Making a difference in the world begins with understanding. A **Bachelor of Arts** degree exposes you to diverse perspectives and the complexity of social systems, providing the knowledge and skills to thoughtfully engage with challenging issues.

### Courses to explore

- ▶ Basic Psychological Processes
- ▶ Humankind and the Biosphere
- ▶ Literature and Film
- ▶ Philosophical Ethics
- ▶ Public Policy Analysis
- ▶ Religion and Popular Culture
- ▶ Women's Writing Then and Now
- ▶ World War I and II

### Highlights

- Enjoy **comfortable class sizes** that promote an open and engaging atmosphere.
- Discuss causes of, and possible solutions to, social problems from **a variety of perspectives and disciplines**.
- Form relationships with professors who **genuinely care** about your success.
- **Gain an understanding** of contemporary conflicts, ideas, and policies.

### Did you know?

Science professors at King's are actively engaged in relevant research projects such as chemical weapons disarmament, alpine forest regeneration, and rubber recycling.

# Natural and Computing Sciences

Spark your curiosity and sense of wonder at creation by taking a **Bachelor of Science** degree. Advancements in technology and emerging theories provide opportunities to make new discoveries that restore ecosystems, promote well-being, and lead the world into the future.

### Courses to explore

- ▶ Conservation Biology
- ▶ Cryptography
- ▶ Ecology
- ▶ Geographical Information Systems
- ▶ Human Anatomy
- ▶ Introduction to Artificial Intelligence
- ▶ Organic Chemistry
- ▶ Wave Motion and Electricity

### Highlights

- Enjoy access to **cutting-edge equipment** in fully-outfitted research laboratories.
- Study in programs recognized by **the Association of the Chemical Profession of Alberta, Alberta Society of Professional Biologists, and ECO Canada.**
- Acquire industry-ready skills with **field experiences** and **internship placements.**
- Work alongside your professors with **summer research opportunities.**

### Did you know?

King's accounting concentration is recognized and accredited by Chartered Professional Accountants of Canada, meaning you can enter the CPA program directly after graduation.

# Business and Management

Business is innovation and intuition. Knowing where to invest and when to save requires an understanding of an ever-changing global marketplace. King's **Bachelor of Commerce** degree provides an informed perspective so you can do business with purpose and integrity.

### Courses to explore

- ▶ Business Ethics
- ▶ Business, Society, and the Environment
- ▶ Commercial Law

### Highlights

- Take part in King's weekly concert series, host your own recitals, and **perform with friends** in concert.
- Develop a deep appreciation for the physical qualities of music while **honing your skills and natural talents**.
- Study with **respected musicians** who want to see you succeed in your goals.
- **Pursue a career in instruction** in the Music Education or Piano Pedagogy streams.

### Did you know?

King's extended education practicum provides 17 weeks of real classroom experience. It's one of the reasons our B.Ed. graduates are known to be capable, qualified, and prepared.

# Elementary and Secondary Education

Inspiring a life-long passion for learning and helping to form people of character are important tasks. A **Bachelor of Education** after-degree provides the necessary knowledge, skills, and real-world experience to become the teacher that they'll remember.

### Courses to explore

- ▶ Classroom Theory and Practice
- ▶ Crisis Management in K-12
- ▶ Curriculum Design
- ▶ Educational Administration
- ▶ Educational Strategies
- ▶ Learning Theories and Applications
- ▶ Psychology of Exceptional Children
- ▶ Religion in the Classroom

### Highlights

- Learn from master teachers who have **extensive classroom and curriculum development experience.**
- Learn in an **authentic classroom environment** with a **cohort that you will be with throughout the program.**
- Get a leg up by participating in **practice interviews with local principals.**
- Be mentored by professors and instructors **who care about your learning.**

# Impact and opportunities

## Off-campus and study abroad programs

King's off-campus and study abroad programs take you to unforgettable destinations and introduce you to new people, organizations, businesses, and ways of making a difference.

## Centre for Career and Calling

Do you need guidance in discerning the right program or career? Vocation and career counselling helps uncover your gifts and get you started on a meaningful path.

## Justice Fellowship & Certificate in Justice and Development

The Justice Fellowship is a year-long experience with an emphasis on community-building and social issues. Students take five courses (15 credits) that focus on principles and practices of justice, development, and reconciliation from a faith perspective.

The Certificate in Justice & Development is an 18-credit program that students may complete alongside their degree and is a good fit for students who wish to pursue a career or graduate studies in social justice, international development, and other areas of Christian ministry.

### Student Experience

## Anjalee Wijewardane

*Bachelor of Science '22*

“The Chemistry department is very tight-knit. I have formed close relationships with professors who care about their students’ academic, personal, and spiritual lives. Being an international student, new friendships helped me embrace life in Canada.”

### Life After King's

## Wayne Prins

*Bachelor of Arts '03*

“King's equipped me for my role as CEO of CLAC and prepared me to make thousands of decisions throughout my career. We have to look to faith when responding to things happening around us—whether dealing with colleagues or speaking with political leaders.”

### Faculty Research

## Dr. Caroline Lieffers

*Assistant Professor of History*

“How were people disabled during American expansion—through wars, conflict, and sickness? How have imperial powers used frameworks of disability to make people less-than? I explore these questions in my research.”

# Campus life and student services

## First-Year Connect Groups

All first-year students are assigned to a Connect Group when they register for classes. Connect Groups provide opportunities to meet new people, tackle assignments with friends, and get involved in campus activities.

## Events & activities

From paintball fights to painting nights, student retreats to seasonal festivals, there is always something fun to see and do on campus or around the city of Edmonton.

## Fine arts

Audition for one of King's choirs. Share your creativity by contributing to our student fine arts publication. Take in a visiting art exhibit, student recital, or weekly Noon Tunes concert.

## Campus ministries

Grow, pray, serve, and worship. Attend Wednesday chapel, join a small group, take part in prayer events, and join the ministry team to support spiritual growth.

## Get involved

Join or start a club, write for the campus newspaper, or find a volunteer opportunity. Interested in student leadership? Become a Student Navigator or Residence Assistant.

## Student counselling

King's provides free and confidential counselling services for every student. Invest in your mental health and don't hesitate to book an appointment with an on-campus psychologist.

## Accessibility services

Services and supports for those with documented physical or cognitive disabilities ensure that all students have the opportunity to thrive in their studies.

## Academic advising

Need guidance with choosing a program? Unsure of which courses to register in? Each student is paired with a faculty advisor who can help you navigate your academic career.

## Learning supports

Everyone needs a leg up sometimes. Writing support, tutoring, university skills classes, and more are available to students through the Centre for Teaching and Learning.

# Living on campus

On-campus residence provides you with comfortable living spaces, meal plan options, and easy access to campus amenities.

## Tower Residence

- ▶ Single or double occupancy rooms
- ▶ En-suite bathroom
- ▶ Twin beds, wardrobes, and workstations

## Tower Suites

- ▶ Two large, double occupancy bedrooms
- ▶ Two en-suite bathrooms
- ▶ Twin XL beds, wardrobes, and workstations
- ▶ Furnished living area and kitchenette

## Apartments

- ▶ Six single occupancy bedrooms
- ▶ Two bathrooms
- ▶ Twin beds, wardrobes, and workstations
- ▶ Furnished living area and full kitchen

## Student Lounges

Students who live in residence have exclusive access to lounges for movie nights, dinner parties, or late-night study sessions.

# Athletics at King's

Student-athletes at King's compete in the Alberta College Athletics Association (ACAC). As an Eagle, you will work with amazing coaches to develop your skills and character.

## Athletics Teams (Men's and Women's)

- ▶ Badminton
- ▶ Basketball
- ▶ Cross-country/Indoor track
- ▶ Soccer/Futsal
- ▶ Volleyball

## Go Eagles!

Students enjoy free admission to every Eagles' event. Come and support King's phenomenal student athletes!

## Interested in becoming an Eagle?

# Next steps

Our admissions team is happy to answer any questions about your application, program, student finance, or university in general.

## Application deadlines

Fall term	<b>August 15</b>
Winter term	<b>December 1</b>
Scholarships and awards	<b>March 31</b>
Student employment	<b>August 15</b>

## Admission requirements

High school applicants will be considered based on the following requirements:

- ▶ Grade average of 60% or higher
- ▶ An approved grade 12-level English course
- ▶ Three standard grade 12 courses
- ▶ One additional standard or non-standard grade 12 course

## Tuition and fees

Tuition	\$442/credit
Fees	\$1,925/year
Residence	\$2,640 – \$4,500/year
Meal plan	\$3,836 – \$4,404/year

## Scholarships & financial aid

Students are considered for scholarships based on the average of their top four standard courses:

<b>90-100%</b>	<b>\$3,000</b>
<b>80-89%</b>	<b>\$2,000</b>

A **transfer scholarship** of **\$1,500** is available to students transferring from another institution with a **cumulative GPA of 3.50 – 4.00**.

Visit [kingsu.ca/scholarships](https://kingsu.ca/scholarships) for a full list of scholarships and bursaries and to access the scholarships and awards application.

**Federal and provincial government aid** is available for students who qualify. Applications must be submitted to your province or territory of residence. It is best to apply for government aid **at least six weeks prior to the start of classes** to ensure funds arrive on time.

Visit [kingsu.ca/student-employment](https://kingsu.ca/student-employment) to find **on-campus employment opportunities**. It's recommended that you apply early.

## Student Cost Calculator

Estimate the cost of one year at King's, after scholarships and financial aid, with our Student Cost Calculator. Find it at [kingsu.ca/calculator](https://kingsu.ca/calculator).
